## PRESENTATION

I am a final year student of Computer Science, looking for a job or Internship Program in which I can develop my professional skills and gain work experience.

I have always been interested in technology development.

My main interests are Front-End development, UI and UX design.

My personal skills:

- Good communication skills (verbal and written)
- Strong Work Ethic
- Great Attention to Detail
- Adaptability
- Creativity
- Availability
- Responsibility
- Acceptance
- Respect
